Organic at its Best

Dear Customer,

For us, yarns are far more than just materials. They are the beginning of an idea, a favourite piece, and every creative story. With our new colour book, we invite you to rediscover the world of our brands Austermann and Schoeller & Stahl – full of colour, inspiration and carefully developed qualities.

Austermann

For more than 100 years – since 1912 to be precise – Austermann has stood for fashionable yarns with character and a strong sense of responsibility. Our qualities are created with experience, passion and a keen eye for trends, appealing especially to discerning consumers who value design, quality and sustainability. Be inspired by new yarns and creative colour worlds and discover qualities that bring joy – from the very first touch to the finished favourite piece.

A very special focus of the Austermann brand is our organic yarns made for well-being. The GOTS certification of our company is more than just a label to us – it reflects our responsibility towards nature, people and animals. Our organic yarns are produced in an environmentally and resource-friendly way and manufactured according to strict, modern standards. This makes Austermann yarns synonymous with sustainability, premium quality and a fair price-performance ratio – yarns you can work with a clear conscience.

Schoeller & Stahl

Schoeller & Stahl stands for reliable yarns with good quality at a fair price. The brand offers all common standard qualities in the mid-price segment, complemented by a wide and harmonious colour range for a variety of knitting and crochet ideas.

Since 1849, Schoeller & Stahl has combined textile tradition with contemporary qualities. Proven materials, easy handling and durable results make the brand a dependable companion for everyone who enjoys being creative and wants to rely on their yarns.

Behind our yarns are people. That is why we place great importance on personal support, reliability and fast service. In Limburg, we operate a 13,000 m² warehouse in the heart of Germany – ensuring high product availability and short delivery routes.

Our dedicated sales team is always at your service. As a family-owned business, trust, partnership and respectful cooperation are especially important to us – towards our customers as well as our employees.

We look forward to accompanying you with our yarns and bringing many new creative projects to life together.

Warm regards,
Andrea and Steffen Benker

Unsere Garne aus nachhaltiger Verarbeitung ohne Chlor

Innovationen von Schoeller Handstrickgarn

Aus unseren gemeinsamen Wurzeln mit der Schoeller Spinnerei Gruppe sind unsere Garne entwickelt worden, welche die volle Maschinenwaschbarkeit von Wolle nach Superwash-Standard (5x 5A) erreichen, ohne die sonst übliche Chlorbelastung, also dem Wegfall von Schadstoffbelastung (AOX) bei der sonst üblichen, herkömmlichen Wollausrüstung.

Mit dieser Innovation setzt Schoeller einen Meilenstein und bestätigt einmal mehr seine ökologische Ausrichtung. Dieses Verfahren ist die einzige Wollausrüstungstechnologie zu Filzfriausrüstung von Wolle, welches die strengen Kriterien des Global Organic Textile Standards (GOTS) erfüllt.

Our yarns from sustainable processing without chlorine

Innovations from Schoeller Handknitting Yarn

Developed from our shared roots with the Schoeller Spinnerei Group, our yarns have been created to achieve full machine washability of wool according to Superwash standards (5x 5A), without the usual chlorine impact, thus eliminating pollutant load (AOX) in the conventional wool finishing process.

With this innovation, Schoeller is setting a milestone and once again confirming its ecological orientation. This process is the only wool finishing technology for felt-free wool that meets the strict criteria of the Global Organic Textile Standard (GOTS).
